Dear Sirs,

TVG Erw Goch Field Inquiry

Further to the procedural note of the independent assessor dated 13 December 2022, we write to advise that the Council (in its capacity as landowner) is content to largely rely on its original submissions to the Council (in its capacity as registration authority) on the statutory incompatibility issue. We note however that the applicant did respond to those submissions by letter dated 16 February 2022 and Counsel accordingly prepared the attached short response to those points made in respect of the statutory incompatibility issue.

Yours faithfully

Geldards
