INCLUSION

Mudiad Meithrin operates Referral Schemes across Wales which can support children with additional needs in the *cylchoedd meithrin* (Welsh-medium playgroups). These schemes employ Coordinators who work in partnership with other agencies and *cylchoedd meithrin* for the benefit of the children and their families.

The service offered by the schemes may include:

For the child:-

- Opportunities to play with other children from the local community.
- Opportunities to join in the fun and make friends in a safe and happy environment.
- Support of an additional member of staff in the *cylch meithrin* if required.

For the family:-

- The opportunity to discuss with the Coordinator the appropriate support for the child.
- The opportunity to visit suitable local *cylchoedd meithrin*.
- The opportunity of free time for the parent with the assurance that the child is receiving high quality care.

For the *cylch meithrin*:-

- Advice/training for the *cylch meithrin*, from experts and relevant agencies in the field.
- Specialised equipment.
- Funding for an additional member of staff for the child if required.
